Toasts - bugs

From Bootstrap, the links were copied: -

```
<link href="https://cdn.jsdelivr.net/npm/bootstrap@5.1.3/dist/css/bootstrap.min.css"
rel="stylesheet"
   integrity="sha384-

 </script>
```

Toast Bootstrap 5.1, with message inserted into toast body

```
<div class="toast" role="alert" aria-live="assertive" aria-atomic="true" data-autohide="false">
   <div class="toast-header">
     <strong class="me-auto">Success!</strong>
     <button type="button" class="btn-close" data-bs-dismiss="toast" aria-label="Close"></button>
   </div>
   <div class="toast-body">
      {{ message }}
   </div>
 </div>
```

Toast messages added in base.html

```
{% if messages %}
 <div class="message-container">
   {% for message in messages %}
   {% with message.level as level %}
     {% if level == 40 %}
       {% include 'includes/toasts/toast_error.html' %}
     {% elif level == 30 %}
       {% include 'includes/toasts/toast_warning.html' %}
     {% elif level == 25 %}
       {% include 'includes/toasts/toast_success.html' %}
     {% else %}
       {% include 'includes/toasts/toast_info.html' %}
     {% endif %}
   {% endwith %}
   {% endfor %}
```

Block added at bottom of HTML file

Toasts have to be initialised

Next, the toasts have to be shown to appear at all

```
{% block postloadjs %}
  <script type="text/javascript">
    // code to initialise toasts for bs5
    var toastElList =
[].slice.call(document.querySelectorAll('.toast'))
    var toastList = toastElList.map(function (toastEl) {
      return new bootstrap.Toast(toastEl)
    })

    // code to show toasts for bs5
    toastList.forEach(toast => toast.show())
  </script>
{% endblock %}
```
